Resolutions of the 38th Session, Jadavpur (Calcutta), 16-18 November, 1967.

Further to the information placed before the Commission at its 43rd and earlier Sessions on the resolutions and recommendations of the 38th to 42nd Sessions, replies received from the State Governments, Universities, Learned Institutions and others are summarised below.

> Resolution X: The Commission resolves that all necessary steps be taken by the Regional Records Survey Committees and the State Archives to find out which business houses or private businessmen are willing to make their records available for research, prepare a preliminary inventory of such records, and help in their arrangement and preservation.

Himachal Pradesh: The contents of the Resolution have been noted and these would be kept in view as and when the Department of Archives is established in this State.

> Resolution XI: The Commission resolves that the State Governments concerned be requested to place adequate funds at the disposal of the Regional Records Survey Committees in States wherein they have been constituted for purchase of records discovered in the course of survey, wherever that is necessary.
>
> The Commission further resolves that the papers acquired by the Regional Records Survey Committees be deposited at the respective State Archives and made available for research.

Himachal Pradesh: There is neither a Regional Records Survey Committee nor Archives Department in this State at present. The question of providing funds for the purchase of records does not, therefore, arise.

Gujarat: The Government of Gujarat has constituted the Regional Records Survey Committee and its first meeting was held on 10 December 1974. As the survey work proceeds, the financial needs of the Committee will become known.
